

DELTA ALPHA CHAPTER OF SIGMA NU FRATERNITY

A Note From the Commander

Last semester, many positive initiatives were begun and will continue towards completion now that Spring semester is upon us. Our Spring Rush was planned well in advance and was very positive in many regards. Three outstanding young men have chosen to seek to become Knights in the Legion of Honor. They will make tremendous additions to the 31 Brothers currently in the Chapter. Hopefully, the valuable lessons learned and contacts made during this rush will create a positive momentum which will carry over to Fall Rush.

Sigma Nu continues to be a strong presence in Intramurals on campus. Currently, we are in fifth place overall and will move up as events such as racquetball, squash, and water polo in which we are traditionally strong approach. In addition, the Chapter is excited about the upcoming Greek Week. Our goal is to improve on our fifth place showing at last year's Greek Week and be in the top three. Hopefully, some of the traditional events such as keg toss and bed race will be reinstated by the Greek Week Committee. It promises to be a great time for all.

Another exciting upcoming event is our Spring Formal which will be held in Niagara Falls this year on April 1st. Much planning has already been done by our Alumni Contact, Murugu, in order to make this the best Formal in the History of Sigma Nu. The entire Chapter can hardly wait. I'm sure that it will be a spectacular event.

Last semester saw a tremendous surge in house improvement projects. The second and third floor hallways were freshly painted and new carpet installed. A new ceiling was installed in the basement and the pantry was converted into what will become a new scholarship room. This semester's projects include the completion of the scholarship room, refurbishing of the bathrooms, the construction of a new cage for CJ and Sue, our house mascots, and work in the dining room. The House's appearance has improved dramatically over the last semester and will continue to do so as more and more of these improvement projects are completed.

A new cook was hired this semester for our board plan. Her name is Florence Antonelli. Her food consistently amazes us and surely the House will be much heavier by the end of the year due to her delicious food.

Overall, this semester has a very positive outlook. The newly installed officers including myself are enthusiastic about the possibilities for the future. Our Chapter seeks to become a leader in all aspects of Fraternity life on campus. By living up to the ideals of our founders and acting with determination and unity, we shall achieve those goals. I wish all of our alumni the best in the upcoming months. The active Chapter would love to hear from you.

Fraternally,

Daniel P. Sanders
